Compliance Checklist	Emergency Contacts
■ Safety briefing acknowledged by all visitors ■ Photo ID verified for all non-employees ■ Blocklist screened against watchlist ■ Badges returned and log completed ■ Log retained for minimum 5 years	Fire / Emergency: _____ Facility Manager: _____ Security Desk: _____ Local Police (Non-Emergency): _____

OSHA General Duty Clause (29 U.S.C. § 654): Employers must provide a workplace free from recognized hazards. Accurate visitor logs are required for emergency evacuation, incident investigation, and regulatory compliance. Digital visitor management systems (e.g., SiteSafe) automate retention, improve retrieval time, and enforce safety acknowledgments.
